S. Kern. Surprising Nazi figures

{
No Falschung but Brücker nicht wählen?

No Wahlenthaltung i.e. Not Terror elections

Marvellous that there is no Wahlmündigkeit

says Dicks. No, says Klein.

You govern in any case, + count the
size of v. oppoⁿ by elections, though
one knew that result w^d make
no difference.

1. Great Sieg of Nazi -
2. wonderful amount of opposition votes
at the same.

Klein says - on Annahme him falling
Orchi says NO, because we made clear last time

But So. Germany is the great surprise - gone
over to Hitler. Why? Are they suddenly for
a centralized Germany - + Nazi? And
why so suddenly when they were in opposition?

This important for Austria.

If they will remain for Centralism after
experiencing Hitler?

The left says "sticks to democracy - you've
got the the majority; use it". How will
Hitler behave seeing he has the majority.
And he will see that no other majority
exists except him - i.e. the opposite of real
democracy where minority is *angeschaltet*.

He will keep the Parliament - but will he
send it home, or let it sit. But if it does
remain it is a + for the opposition.

He'll change constitution. Zentrum may
go with *im rabeis zu sein* } 432 vs Zentrum
one more than $\frac{2}{3}$ all } 1047
(i.e. with all small parties)

If he can't get majority for change of constitution
he must have Ermächtigungsgesetz,
then Zentner won't go with — ?

Or will Zentner go with in order to be a
break?

Anything can happen - Michi, Knabocher.

Hitler will if he can get it, take any help
also from Zentner. And Zentner-programm
is not to be ausgeschlossen.

Impression in Austria

Klein. Now an Austrian Volksbewegung

Karl. No. Ein gemischtes Bündnis

But there is a Zustrom.

Fiscum. If Zentner in Germany goes with,
then in Austria will see great
stimulus to Nazi.

Kohner. If with or versus, Zentner will
be "unterdrückt minderheit."

The Rückwirkung on Austria will come
— one result is Nazi-Anschluss move

Deutsche-Nationale sind geschlagen, aber
geben sich nicht geschlagen.

They lie in their position castles the
rest. But in Stahlhelm Reichswehr.

Not a fever Krankheit — but will
last long. And we must say so. And

we must give it up — any more than
that we can now propagand Anschluss.
If Anschluss had happened 10 yrs. ago so
today's Germany — let in 6 months it will
have to be discussed or propagated, probably.

Our job is to keep Austria democratic —
but since bring us again the question.

If Nardolung put the questⁿ in Geneva as
a vs. France questⁿ both will take
his.

If Nazis put it tomorrow, we shall
all have a different word along same line.

Klein. But Germany in reaction lasts 10 yrs.
& Austria won't hold out so long. If Germany
brings it up tomorrow, I am steel for it
& go down w. the left in Germany.

Can Austria remain democratic?

Klein says no, if Hitler gets established, he will.

Reichspost was small today, as a result
of So. Germany. A big plan has been broken
- Seipel's end-Deutsche Linie. Seipel will
today go with Nazis. (Klein.)

So. Germany Hitler great success.

No civil war, no Putsch necessary.

Catholic + particularistic Germany has
fallen over. Austria: less immune than
ever. "Kampfzeit" had yesterday 100,000.
(Dichi doesn't believe it.)

Dichi: Aufkommen der Reaction in a big
new party.

The European signifi. of Germany

Klein: Can Austrians become national?
Will Fascists here become?
Hitler won Bavaria by saying
he was a Bager; he'd do same
with same result in Austria.

Who are Nazis here? Women, Kleinbürger,
Arbeitlose, + ?

And as it is pro-wirtschaft

will be better in Germany than here, it
will become really dangerous.

But this finance sweep in Germany
because sweep, the world is worse

all in Germany will begin with long

Truth for all men - Letter to Heine, }

This idea breaking up:

"börsenschnell" fundamental idea of

All these groups have a "Gegenidee"
Christian chosenness vs. Devilish -

Duny 2nd period 1873. A middle class

began to push into business.
Really due to revol. in business, Jews
came in at that moment.

Here came Treitsche. Only 6 pages
but they were epoch making.
He became the scientific basis of
anti-Semitism.

Christianity excludes all "special"

Here comes idea of Bodenlosigkeit
in geistigen Sinne.

"Falsche Ernst" separate Jews from
others.

A diff. between Jewish Nationality
others lies (a) in Bodenlosigkeit
(b) in lack of great
persons as leaders of
"Nation."

Rhagen + Chamberlain both touch
+ explain "Bodenlosigkeit" of Jew-

Renan explains Jews as the sufferer
of monotheism.

They were become "jewish" with out
being it by race -

Werninger says Jewdom is a "psychische
Konstitution". "Ohne geistige Persönlichkeit"

- he is a "nichts" "weil er nichts glaubt -
noch an Gott, noch an sich selbst". Er
schläft keine Wurzeln.

A "Rassengemisch", yet somehow held
together by process of selection.

Positive Bild made clear by its gegen-Bild.

to build up own group or community.
